Danny’s Deal or No Deal

Carryover Challenge

1st - Partners are drawn as mentioned above.

Carryover Jackpot

Danny’s Deal = 30% of
Jackpot +/- Mystery Money

No Deal = Jackpot minus
Danny’s Deal

2nd - “Danny’s Deal” will offer the “Carryover Team” 30% plus or minus the mystery amount from the “Carryover Jackpot”. The mystery amounts are a set of numbers - 30%; - 20%; - 10%; 0% + 10%; + 20% or + 30%. Example, if 30% of the Jackpot = \$300, and the mystery amount is - 30% the payout would = \$210 and if the mystery amount is + 30% the payout would = \$390. The mystery amount will be drawn from a hat by the “Carryover Team” after they accept “Danny’s Deal” or declare “No Deal”. If the Carryover Team is not able to play, they will receive the smallest amount of Danny’s Deal.

3rd - Should the “Carryover Team” accept “Danny’s Deal”, brackets will be drawn and the normal play will be for 50% of the week’s entry & added monies. The Carryover Team will be allowed to play the event as a team and compete for the week’s prizes monies and title.

4th - “No Deal” Should the “Carryover Team” declare “No Deal”, brackets will be drawn. The “Carryover Team” will only be eligible to win the “No Deal” amount from the “Carryover Jackpot”. When using the example above, the range would be from \$610 to \$790.
“All Players’ Advantage” or “No Deal Bounty” – If the “Carryover Team” is defeated, the “Danny’s Deal” monies will transfer into the week’s prize money, as per the above example = \$210 to \$390

5th - The leftover “Carryover Jackpot” and 50% of the week’s entries & added monies will advance into the following week’s “Carryover Jackpot”.

NOTE: Other rules may apply with/without notice and be subject to change.
